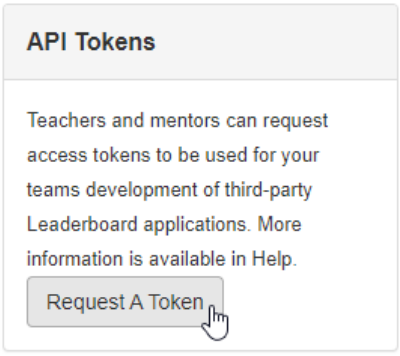
Acquiring an API Token

Follow these steps to get an API access token.

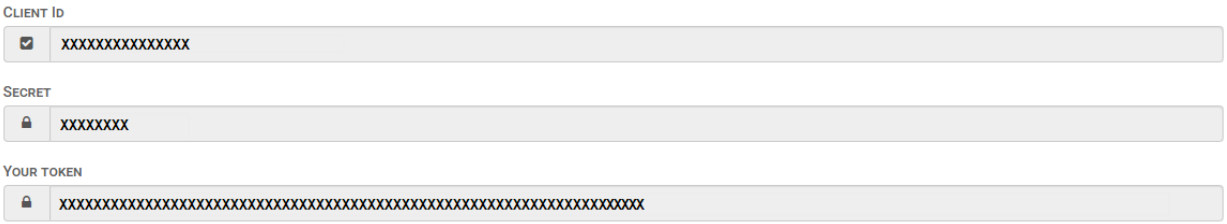
API access token are intended for teachers for usage by their team in developing live leaderboard applications. The BEST Leaderboard API is designed to allow students to tap into live Game Day scoring and head-to-head competition data. Please read the full API documentation for user guidelines.

Acquiring a token

1. On your USER PROFILE page, click the REQUEST A TOKEN.



2. On the TOKEN page, click GET TOKEN.
3. Your Client Id, Secret and Simple Token will be displayed on the page.



Getting a new token

If you feel your token has been compromised, you can revisit the TOKEN page and click GET NEW TOKEN at any time. Remember you will need to update anywhere you have used your token.
